

Congratulations! Our alumna Miss Lee Ka Yi is awarded the Medal of Honour by the Government of the Hong Kong Special Administrative Region in recognition of her outstanding achievements in international squash competitions. The award will be presented at the 2019 Honours and Awards Presentation Ceremony held at Government House in October.

Ka Yi is a graduate of our Bachelor of Science (Honour) in Investment Science programme. She is now a professional squash player representing the Hong Kong Special Administrative Region. Having started her squash training at a young age, Ka Yi has participated and won various championships throughout her athletic career. She was the champion (girls under 19) of the Prince HK Junior Squash Championships in 2012 and won the PSA Women's Player Of The Month Award for July after a surprise victory at the Contrex Challenge Cup 2015, where she collected her first ever PSA World Tour title. Ka Yi had a breakthrough of her career at the 2018 Asian Games. She and her teammates proudly won Hong Kong's first Asian Games Women's Squash Team Gold.

We wish her continued success in her professional and personal life and look forward to seeing more stories of her success in the near future.
