

## **Career Talk by the Society of Actuaries (SOA)**

**Speaker: Dr. W.L. Yung, EdD (Programs Manager)**

**Guest: Mr. Ken Tang, FSA**

### **Topic: Professional Development in the Actuarial Industry**

On 9 July 2012 evening 7:15 p.m., Department of Applied Mathematics had invited Dr. W.L.Yung, the Programs Manager of the Society of Actuaries, to deliver a career talk to our AMA students.

During the career talk, Dr. Yung not only introduced the background and designations of SOA, but also the career opportunities and emerging trends in the actuarial industry. She had also invited Mr. Ken Tang, FSA, the Manager and Actuary, Regional Office of HSBC Insurance, to share his insights in actuarial profession and give the valuable tips and career advice to our students.

Students were very active in asking questions and Ken kindly gave a lot of personal advice so that students could know more about the practice and career path in the actuarial industry.

The overall feedback was good and around 50 students attended the talk.
