"InnoCarnival 2015"
Hong Kong Science Park
31 October to 8 November 2015

Organized by the Innovation and Technology Commission, the nine-day "InnoCarnival 2015" was successfully held from 31 October to 8 November 2015 at Hong Kong Science Park, entitled "InnoTech – Key to a Boundless Future", the carnival provided an opportunity for the general public to appreciate the creative inventions and research achievements of local universities, R&D centres, professional bodies and technology institutions. PolyU showcased green those technologies and ideas initiated by the University, including the "Green Deck" project.
