Dear Sir/Madam,

Press Briefing on Ultrasound Breakthrough

I am pleased to let you know that PolyU researchers have made great strides in using ultrasound diagnostic technology, and successfully developed a robust machine for the examination of breast cancer. You and your representatives are cordially invited to attend and cover a press briefing with details as follows:

Date: 18 March (Thursday)
Time: 11.00 a.m.
Venue: House of Innovation, P Core, Basement Level (adjacent to the lawn of Li Ka Shing Tower)

Dr Zheng Yongping, Associate Professor of our Department of Health Technology and Informatics, will introduce the operation and principle of this breakthrough. He will also show the first prototype of this diagnostic machine to press members.

I enclose a campus map indicating the venue location for your reference. For further enquiries, please contact the undersigned on 2766 5218.

Thank you.

Yours sincerely,

Wilfred Lai
Senior Manager, Communications and Public Affairs
