

# Create Greater Value for PolyU

一分捐獻  
十分力量

## Invitation to support PolyU's efforts on many fronts

- Application-oriented programmes of high practical value
- Applied research in support of business and industry
- Grooming preferred graduates for society

The University now needs your support to help us continue to achieve our mission! To prepare for the extension of undergraduate studies from three years to four years, PolyU is tapping new resources in order to maintain our academic excellence and sustain our goal to foster the all-round development of students. On top of government funds, additional resources are needed for the strategic development of our niche subject areas to world-class standards and for turning our research efforts into fruitful results.

With the second round of the Government's Matching Grant Scheme in place, your timely donations to PolyU will be matched by government grant to maximize the benefits. This is the best time to support the PolyU!

For more details on making a donation to PolyU, please contact:

Alumni Affairs & Development Office

Tel : 2766 4270 (Miss Lau)

Fax : 2954 0315
