

PolyU Association takes root in eastern Canada

Based in Toronto, The PolyU Alumni and Past Employees (Eastern Canada) Association has been officially registered. The second of its kind, the Association was established to promote fellowship among the increasing number of former students and staff of the Institution who reside in eastern Canada. The first one was inaugurated in Vancouver in October 1996.

On January 23 about 200 guests attended the dinner reunion organized by the Association in Toronto. Besides a lucky draw, several awards were granted at the dinner.

The inauguration ceremony of the Association will be held in May. President Prof. Poon Chung-kwong will be present and announce the winner of the Association's logo competition on the occasion. ❖

The Most Senior Graduate:
