

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF APPLIED PHYSICS

Post Specification

Research Associate / Research Assistant (two posts) (Ref. 18071218)
[Appointment period: each for six months]

Duties

The appointees will assist the project leader in the research project - “Study of broadband ultra-fast saturable absorption and optical limiting properties of the transition metal sulfide film”.

Qualifications

Applicants for the **Research Associate** post should have a master’s degree or a good honours degree with at least three years of research/relevant work experience.

Applicants for the **Research Assistant** post should have an honours degree or an equivalent qualification.

Applicants should also have good practical research experience and theoretical background in nanomaterials or two-dimensional material fabrication, or some hands-on experience in photodetectors, laser photonics or mode locking laser. Very good publication records in the related field(s) are required.

Applicants are invited to contact Dr Yuen Hong Tsang at tel no. 2766 5676, fax no. 2333 7629 or email yuen.tsang@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
