

THE HONG KONG POLYTECHNIC UNIVERSITY

SCHOOL OF OPTOMETRY

Post Specification

Research Assistant (Ref. 18100302)

[Appointment period: twelve months initially, with possibility of further appointment]

Duties

The appointee will assist the project leader in the research project – “Functional roles of gap junctions and amacrine cells”. He/She will be required to:

- (a) perform experimental procedures such as immunohistochemical and electrophysiological experiments; and
- (b) perform any other duties assigned by the project leader or his/her delegates.

Qualifications

Applicants should:

- (a) have an honours degree or an equivalent qualification;
- (b) have a good command of both written and spoken English and Chinese;
- (c) be a good team player and able to work independently; and
- (d) be self-motivated and organized.

Preference will be given to those with research/relevant work experience.

Applicants are invited to contact Dr Feng Pan at tel no. 2766 6640, fax no. 2764 6051 or email feng.a.pan@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
