

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF MECHANICAL ENGINEERING

Post Specification

Research Associate / Research Assistant (two posts) (Ref. 19010202)
[Appointment period: each for twelve months]

Duties

The appointees will assist the project leaders in the research project - “Airworthiness compliance analysis and verification” to establish airworthiness standards for the use of optical fiber-based structural health monitoring for commercial aircraft.

Qualifications

Applicants for the **Research Associate** post should have a doctoral degree.

Applicants for the **Research Assistant** post should have an honours degree or an equivalent qualification.

For both posts, applicants should have sound knowledge, demonstrated research experience and track record in the field of optics or structural health monitoring.

Preference will be given to those with a strong background or experience in wave propagation research.

Applicants are invited to contact Prof. L. M. Zhou at tel no. 2766 6663 or email li.min.zhou@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
