

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF COMPUTING

Post Specification

Research Assistant (several posts) (Ref. 19010211)

[Appointment period: six months initially, with possibility of further appointment]

Duties

The appointees will assist the project leader in the research project – “Security and privacy-enhancing technologies for cloud storage of big data (COMP)”. They will be required to:

- (a) develop prototypes for automatically discovering of vulnerabilities in apps;
- (b) implement anti-repacking solutions for app protection;
- (c) conduct performance evaluations on the developed prototypes; and
- (d) perform any other duties as assigned by the project leader or his delegates.

Qualifications

Applicants should:

- (a) have an honours degree in Computer Science or a related field;
- (b) have hands-on experience in programming;
- (c) have a good command of English;
- (d) have good communication and interpersonal skills; and
- (e) be mature and able to work independently.

Preference will be given to those with research and/or project development experience.

Applicants are invited to contact Prof. Jiannong Cao at tel no. 2766 7275, fax no. 2774 0842 or email jiannong.cao@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
