

**THE HONG KONG POLYTECHNIC UNIVERSITY**

**DEPARTMENT OF INDUSTRIAL AND SYSTEMS ENGINEERING**

**Post Specification**

**Research Associate / Research Assistant (two posts) (Ref. 19011511)**  
**[Appointment period: each for twenty-four months]**

**Duties**

The appointees will assist the project leader in the research project - “Towards sustainable sewage-to-energy: a multilayer life cycle decision support framework”.

**Qualifications**

Applicants for the **Research Associate** post should have a doctoral degree.

Applicants for the **Research Assistant** post should have a Master’s degree.

The degree for both posts should be in environmental engineering, chemical engineering or related fields. Besides, they should also have:

- (a) experience in life cycle sustainability assessment;
- (b) an excellent background in life cycle assessment, waste management or operations research; and
- (c) proven experience in publishing scientific work in refereed international scientific journals.

Applicants are invited to contact Dr J. Z. Ren at tel no. 2766 6596, fax no. 2362 5267 or email [jzhren@polyu.edu.hk](mailto:jzhren@polyu.edu.hk) for further information.

**Remuneration**

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
