

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF REHABILITATION SCIENCES

Post Specification

Research Associate or Research Assistant (Ref. 19030606)

[Appointment period: twelve months initially, with possibility of further appointment]

Duties

The appointee will assist the project leader in the research project - “Thermal and transcutaneous electrical nerve stimulation (TENS) hat device capable of improving cognitive functions in older adults having vascular dementia”.

Qualifications

Applicants for the post of **Research Associate** should have a master’s degree in Rehabilitation, Psychology, Cognitive Science, Neuroscience or health-related disciplines or a good honours degree in the said disciplines with three or more years of research/relevant work experience.

Applicants for the post of **Research Assistant** should have an honours degree in the said disciplines or an equivalent qualification.

Applicants should also have:

- (a) a good command of both written and spoken English and Chinese; and
- (b) experience in conducting cognitive assessments.

Preference will be given to those with working experience in hospital setting and handling older adults.

Applicants are invited to contact Ms Jillian Jingwen Zhou at tel no. 2766 5986, fax no. 2330 8656 or email jillian.zhou@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
