

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF COMPUTING

Post Specification

Research Assistant (four posts) (Ref. 19050206)

[Appointment period: each for six to twelve months initially, with possibility of further appointment]

Duties

The appointees will assist the project leader in the research project - “Computational sensing”. They will be required to:

- (a) assist in developing theories for next generation embedded software on devices;
- (b) implement algorithms; and
- (c) evaluate performance.

Qualifications

Applicants should have:

- (a) an honours degree in Computer Science, Communication or a related field;
- (b) hands-on experience in C/C++ programming language;
- (c) good understanding of linux kernel; and
- (d) good communication and interpersonal skills.

Preference will be given to those with at least one year’s relevant working experience or project development experience.

Applicants are invited to contact Dr Nan Guan at tel no. 2766 7265, fax no. 2774 0842 or email nan.guan@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
