

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF INDUSTRIAL AND SYSTEMS ENGINEERING

Post Specification

Programmer (Ref. 19052401)

[to be appointed at the substantive level of Project Assistant]

[Appointment period: twelve months]

Duties

The appointee will assist the project leader in the research project - “Development of an Industrial Internet of Things (IIoT) based smart robotic warehouse management system for industry 4.0”. Applicants will be required to:

- (a) conduct software system design, development and testing; and
- (b) prepare user and technical documents.

Qualifications

Applicants should:

- (a) have an honours degree or an equivalent qualification, preferably in Computer Science or related disciplines; and
- (b) be self-motivated, multi-tasking and able to work independently.

Preference will be given to those with knowledge of database structure and system design as well as experience in Java application development.

Applicants are invited to contact Dr Carman K.M. Lee / Miss Elaine Tai at tel no. 3400 3899 / 2766 6584 or email ckm.lee@polyu.edu.hk / elainewl.tai@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
