

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF APPLIED BIOLOGY AND CHEMICAL TECHNOLOGY

Post Specification

- (1) **Research Associate** (Ref. 19061307)
[Appointment period: twelve months]
- (2) **Research Assistant** (Ref. 19061308)
[Appointment period: twelve months]

Duties

The appointees will assist the project leader in the research project - “Elucidation of anti-hypertension mechanism by a novel *Lactobacillus rhamnosus* strain in the DOCA-salt hypertensive rats: from the point of view of alteration of gut microbiome”.

Qualifications

Applicants for the **Research Associate** post should have a master’s degree in Microbiology, Bioinformatics, Biological Science, Biochemistry or related disciplines.

Applicants for the **Research Assistant** post should have an honours degree, preferably with an MPhil degree, in Microbiology, Bioinformatics, Biological Science, Biochemistry or related disciplines.

For all posts, applicants should also:

- (a) have experience in microbiology and/or bioinformatics;
- (b) have a good command of English; and
- (c) be able to work independently and proactively.

Applicants are invited to contact Dr Amber Jiachi Chiou at tel no. 3400 8664 or email bcamber@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
