

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF REHABILITATION SCIENCES

Post Specification

Project Associate / Project Assistant (two posts) (Ref. 19062119)

[Appointment period: each for twelve months initially, with possibility of further appointment]

Duties

The appointees will assist the project leader in the research project - “Smart work injury management (SWIM) system”. They will be required to:

- (a) develop a platform to manage the injury record;
- (b) develop methods and implement algorithms for injury record analysis in interactive dashboard;
- (c) provide technological documents;
- (d) prepare research papers and project reports; and
- (e) perform any other duties as assigned by the Head of Department or his delegates.

Qualifications

Applicants for the **Project Associate** post should have a master’s degree in Computer Science or related disciplines or a good honours degree in the said disciplines with three or more years of research/relevant work experience.

Applicants for the **Project Assistant** post should have an honours degree in the said disciplines or an equivalent qualification.

Applicants should also:

- (a) have experience in using Window Azure, Cognitive Services, Machine Learning and web application development;
- (b) have a good command of both written and spoken English;
- (c) have good communication and interpersonal skills; and
- (d) be mature and able to work independently.

Applicants are invited to contact Dr Andy Cheng at tel no. 2766 5396, fax no. 2330 8656 or email andy.cheng@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
