

THE HONG KONG POLYTECHNIC UNIVERSITY

SCHOOL OF OPTOMETRY

Post Specification

Research Associate / Research Assistant (Ref. 19070802)

[Appointment period: twelve months initially, with possibility of further appointment]

Duties

The appointee will assist the project leader in the research project – “Neuroprotective effect of baicalein against chronic ocular hypertension”. He/She will be required to:

- (a) handle the laboratory animals and conduct the experiments;
- (b) prepare the conference papers and research manuscripts; and
- (c) perform any other duties assigned by the project leader or his/her delegates.

Qualifications

For the **Research Associate** post, applicants should have a master’s degree in Optometry or other related disciplines or a good honours degree in one of the said disciplines with three or more years of research/relevant work experience.

For the **Research Assistant** post, applicants should have an honours degree in one of the said disciplines or an equivalent qualification.

Preference will be given to those with experience in cell culture, electrophysiology, imaging and histological analyses.

Applicants are invited to contact Dr Chi-wai Do at tel no. 2766 6090 or email chi-wai.do@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
