

THE HONG KONG POLYTECHNIC UNIVERSITY

SCHOOL OF NURSING

Post Specification

Research Associate / Research Assistant (Ref. 19071603)

[Appointment period: twelve months initially, with possibility of further appointment]

Duties

The appointee will assist the project leader in the research project - “Self-administered acupressure for knee osteoarthritis in middle- and older-aged adults: a randomized controlled trial”. He/She will be required to:

- (a) conduct interviews with participants;
- (b) assist in general coordination/management;
- (c) assist in subject recruitment and various aspects of data collection;
- (d) liaise with participants and staff to facilitate study progression and management; and
- (e) perform any other duties as assigned by the project leader or his delegates.

Qualifications

Applicants for the **Research Associate** post should have a master’s degree in Nursing, Chinese Medicine, Psychology, Medical Sciences or related disciplines in Healthcare or a good honours degree in one of the said disciplines with at least three years of research/relevant work experience. He/She should also have some experience in conducting clinical research.

Applicants for the **Research Assistant** post should have an honours degree in one of the above disciplines or an equivalent qualification. He/She should also have some experience in conducting research.

Applicants should also have:

- (a) good computer literacy including MS Excel and Chinese word processing;
- (b) a good command of both written and spoken English; and
- (c) good interpersonal and communication skills.

Preference will be given to those with research experience.

Applicants are invited to contact Dr Wing Fai Yeung at tel no. 2766 4151, fax no. 2364 9663 or email jerry-wf.yeung@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
