

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF INDUSTRIAL AND SYSTEMS ENGINEERING

Post Specification

Senior Project Fellow (Ref. 19080709)

[Appointment period: twelve months]

Duties

The appointee will assist the project leader in the research project - “Research and development of robotic repair section prototype for inside water pipe repair robot”. He/she will be required to:

- (a) oversee the research and development of the water pipe repair robot;
- (b) plan and monitor the project progress;
- (c) provide technical guidance to the project team; and
- (d) prepare progress and technical reports.

Qualifications

Applicants should have a doctoral degree plus at least six years of postdoctoral research experience or equivalent qualifications and experience.

Preference will be given to those with experience in engineering design of robots, vision systems, industrial machines and/or research project in tertiary institutions.

Applicants are invited to contact Dr Chan Ching-yuen / Mr Lam Chi Wo at tel no. 2766 4980 / 2766 6571, fax no. 2362 5267 or email cy.chan@polyu.edu.hk / chiwo.lam@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
