

# **THE HONG KONG POLYTECHNIC UNIVERSITY**

## **DEPARTMENT OF HEALTH TECHNOLOGY AND INFORMATICS**

### **Post Specification**

**Research Assistant (two posts)** (Ref. 19082310)  
**[Appointment period: each for twelve months]**

### **Duties**

The appointees will assist the project leader in the research project – “Precision diagnosis of intracranial atherosclerosis by using high resolution MRI: plaque morphology and/or components rather than arterial stenosis predict stroke recurrence”. They will be required to:

- (a) assist in clinical trials, database management and analysis;
- (b) assist in specimen collection and processing;
- (c) assist in conducting laboratory test; and
- (d) perform any other duties as assigned by the project leader or her delegates.

### **Qualifications**

Applicants should have:

- (a) an honours degree or a higher degree in Health-related Science or other related disciplines or an equivalent qualification;
- (b) a good command of both written and spoken English and Chinese;
- (c) good computer literacy including MS Excel, MS Access and SPSS;
- (d) good interpersonal skills and a strong sense of responsibility; and
- (e) willingness to learn new skills.

Preference will be given to those with experience in research-related activities.

Applicants are invited to contact Dr Fiona XY Chen at tel no. 3400 8891, fax no. 2362 4365 or email [fiona.chen@polyu.edu.hk](mailto:fiona.chen@polyu.edu.hk) for further information.

### **Remuneration**

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
