

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF HEALTH TECHNOLOGY AND INFORMATICS

Post Specification

Project Associate / Project Assistant (Ref. 19082311)

[Appointment period: eighteen months]

Duties

The appointee will assist the project leader in the research project – “Management of radiation-induced dermatitis using low-level laser therapy in nasopharyngeal cancer patients receiving chemoradiotherapy: A randomised, double-blinded controlled trial”. He/She will be required to:

- (a) coordinate patient recruitment, and administrative and logistic arrangements;
- (b) assist in data collection and data analysis;
- (c) assist in keeping record of treatment responses;
- (d) assist in the generation of research output; and
- (e) perform any other duties as assigned by the project leader or his delegates.

Qualifications

Applicants for the **Project Associate** post should have a master’s degree in Science, preferably in Health-related disciplines or a good honours degree in one of the said disciplines with at least three years of research/relevant work experience.

Applicants for the **Project Assistant** post should have an honours degree in one of the above disciplines or an equivalent qualification.

Applicants should also have:

- (a) an excellent command of spoken Cantonese and English; and
- (b) good communication skills.

Preference will be given to those with work experience in hospital/clinical settings.

Applicants are invited to contact Dr Shara WY Lee at tel no. 3400 8592 or email shara.lee@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
