

Ms Ariane Steinbeck
Managing Director / Principal
GETTYS
Hospitality Design & Development

One of Gettys' four founding partners, Ariane is the renaissance woman of the foursome. With an affinity for design, a gift for building strong rapport with her clients, a worldview honed through decades of international travel and a keen eye for art in its many forms, Ariane brings a balance to the table that is definitively Gettys.

Ariane's breadth and depth of knowledge pertaining to cultures around the globe is born from a life spent traveling and living around the world. Raised in both Germany and Spain and educated in the United States, Ariane met her three founding partners during their time at Cornell before they hung out their shingle together in Chicago, 1988.

After two decades leading Gettys' design expertise for the hospitality industry from Gettys Chicago headquarters, she is defining the company's next chapter abroad. Ariane opened Gettys' Hong Kong offices in early 2008 and acts as Managing Director as the company continues to build a strong presence in Asia and the Middle East.

Ariane's work has been published in Hospitality Design and Realty and Building Magazine, she has been a guest on Bloomberg Asia TV and she has been quoted in publications such as The Wall Street Journal, Hotel & Motel Management, Hotel Business, CNN Online and The New York Times. She is a frequent speaker at industry trade shows and has served as guest lecturer for Cornell University's Hotel School.

Ariane graduated from the School of Hotel Administration at Cornell University and speaks German and Spanish fluently. She is a member of the Cornell Hotel Society and previously served as Executive Vice President of the Network of Executive Women in Hospitality (NEWH), Chicago Chapter. She is certified with the National Council for Interior Design Qualification (NCIDQ) and is active in a number of industry organizations, including IIDA (International Interior Design Association).

Ariane has been Principal in Charge of projects such as:
