

C4. Digital Transformation Committee

數碼化轉型委員會

Terms of Reference

1. To set the goals and monitor the progress of digital transformation at PolyU by benchmarking our practices with the best practices in the world.
2. To formulate strategies, mechanisms and actions to maximise the benefits of opportunities brought about by digital transformation and to address the associated challenges.
3. To coordinate digital transformation projects within the University for enhanced administrative/support services for the pursuit of excellence in educational and research.
4. To consider proposals for digital transformation projects from a University perspective involving different stakeholders and recommend worthy projects as well as owner units to the Resources Advancement and Management Committee for approval.
5. To establish taskforces for in-depth studies, including thorough engagement with stakeholders, into the feasibility and benefits of specific initiatives.
6. To submit an annual report to the President covering the Committee's activities for the previous 12 months from 1st July to 30th June.
