

#### **41 Outstanding Students Honoured the HKSAR Government Scholarship**

The Hong Kong SAR Government has set up a scholarship fund to recognize the achievements of outstanding local and non-local students. A total of \$1,860,000 was set aside for PolyU in 2008/09. 41 students who are academically outstanding and have recognized contribution to PolyU and the local community have been selected for the Scholarship.

On 30 April 2009, the scholarship awardees were invited to attend a reception hosted by the Education Bureau of the HKSAR Government. The occasion provided a platform for the awardees and the government officials to exchange dialogues.

The donation has been of incalculable value to the University. The scholarship would help nurture all-round students and encourage them to further excel in their studies.
