

A 5 days service trip to Guang Dong, Huan Ji had successfully completed in mid-July.

22 students from different faculties joined hand to plan and organize this meaningful trip to serve about 80 primary school students of 連麥鎮步崗小學. Trainings had been provided by SAO to boost their team spirit as well as skills in serving community. Students taught English and health knowledge through interactive activities to children of the rural village.

Children and teachers enjoyed the time and the learning brought to them. Positive impact was imposed on them to facilitate their future development.

PolyU students were satisfied by sharing the happiness and learning with the children. Their interpersonal skills, teamwork and problem solving skills were enhanced on their own pace. They explored the living of farming community which reinforced their caring towards our motherland.
