

# Grand kickoff of PGDP

To mark a good start for 'Preferred Graduate' Development Programme (PGDP) 2009 and our participants, a launching ceremony was launched on 29 May 2009. Over 300 students, joining internships in different major cities attended the ceremony. SAO has honorably invited Prof. Arthur Mak (Dean of Students and Associate Vice President) and Mrs Dorinda Fung (Director of Student Affairs) as our officiating guests.

## Our Internship Memories

### *Meet the President in Hangzhou*

President, Prof. Timothy W. Tong met students who had internship in Shanghai on 4 July in Hangzhou. Being overwhelmed by student's passion and excitement, Prof. Tong spent his precious time to take photos with every student as requested.

### *Welcoming inbound students!*

Have you recently met any foreign students working in PolyU campus? This year, a group of IAESTE inbound students from overseas are having their internships in our university and of course, they travel a lot to explore and experience HK.

Next time, remember to say 'HI' to welcome our lovely guests.

*How is your internship experience? Don't forget to share with us!*

### *Qingdao interns safely home!*

Students to Qingdao started off their internship under the threat of H1N1 influenza on late May. Students are reminded to wear masks in the airport in order to prevent catching virus.

Today, QD interns are happy to announce that they have completed a successful and wholesome internship.

*After completion of your internship arranged by SAO, you are reminded to complete and return the following documents to the Drop Box of "PGDP Mainland Internship" in SAO Counter.*

- > WIE report (e.g. Learning Journal, logbook, reports)*
- > WIE Workplace Supervisor Evaluation Form*
- > Declaration by Employer*
