

# Five PolyU students grasped the Innovation and Technology Scholarship Awards 2011

**Congratulations** to our five PolyU students who were selected to receive the Innovation and Technology Scholarship Awards based on their outstanding academic performance, passion in innovation and technology, good communication skills and all-roundness. They are:

**Young Mei Yee**, Department of Applied Biology and Chemical Technology

**Chau Sze Yiu**, Department of Computing

**Chan Mei Lin**, Department of Rehabilitation Sciences

**Lai Chi Wing**, Department of Rehabilitation Sciences

**Ip Yiu Chung**, Department of Rehabilitation Sciences

Aimed at recognizing the outstanding local tertiary students as well as providing them with mainland/overseas experience and industry experience, the Innovation and Technology Commission and the Hongkong Bank Foundation jointly supported and sponsored the Innovation and Technology Scholarship Award Scheme 2011. The Scheme supported the recipients to attend an overseas / mainland attachment, a local internship, mentorship programme and conduct a service project.
