Notes : (1) Medical expenses: **HK\$15,590** is the maximum deduction of medical expenses in AFI formula per family member with chronic illness/permanent disability.

(2) You can use the calculator at <http://www.sfaa.gov.hk/eng/schemes/tsfs/calculator/calculator.htm> to make a **rough** estimation of the amount of grant and loan you might obtain from the TSFS. Please note that the Student Financial Assistance Agency (SFAA) will normally accept the information supported by the documentary proof provided. **If documentary proofs provided are NOT substantiated** (e.g. self-written statement of income or unexplained prolonged unemployment), **SFAA may need to make adjustments and apply benchmark figures** on the basis of statistical information provided by the relevant government departments, such as the Census and Statistics Department and the Rating and Valuation Department, etc. to assess the income and/or net value of assets held by the family member concerned. SFAA may apply projected figures in the family income in the assessment if necessary.

(3) Maximum grant levels may be adjusted upwards for students required to take part in **overseas compulsory field trips** in 2011/12. Applications for such will be submitted to the SFAA via respective Department/School and SAO (Final approval is subject to the confirmation of the SFAA). For enquiry, please call 3400 3762.
