2015-16 Summer Term Examination Timetable

The 2015-16 Summer Term examinations are scheduled to be held during the period from 11 July to 16 July 2016. We are pleased to inform you that the subject examination timetable will be available for your checking at eStudent (http://www.polyu.edu.hk/student/) starting from 21 June 2016.

Please take note of the following when checking the examination timetable:

i) The Summer Term examination timetable contains information known and prepared as of 2 June 2016.

ii) Examinations of some subjects may be arranged directly by the departments concerned. Some of these may, if necessary be held outside the examination period. The students concerned will be advised by the relevant departments directly.

iii) Seating plans will be posted outside the examination venue if the examination is scheduled to be held in large “hall”. For examinations to be conducted in classrooms, free seating arrangement will be adopted unless there are seating plans posted outside the classrooms by the department concerned.

iv) Please be reminded that use of electronic devices (e.g. smart watch) are not allowed in an examination. Please refer to the 2015-16 Student Handbook (located at https://www2.polyu.edu.hk/as/Polyu/STDHBK/Handbook1516/index.html) for details on the rules governing the conduct of examinations.

v) Please check the "Remark" column in the timetables for any important information concerning the examination timetable/arrangements.

You are advised to print a copy of your examination timetable for easy reference and also take note of the rules governing the conduct of examinations, arrangements for examinations during bad weather and location of the examination venues. The relevant URLs are highlighted in your examination timetable.

If you have any queries on the timetable, please contact the General Office of the department concerned direct.
