Dear Student  

2016-17 Student Handbook  

We are pleased to inform you that the 2016-17 Student Handbook is now available for your reference. You can access to it from eStudent or directly at https://www2.polyu.edu.hk/as/Polyu/STDHBK/Handbook1617/index.html. 

You are advised to read through the Handbook to get an overall picture of the regulations and procedures affecting your study at our University and to check from it for relevant information when you have questions on your study at a later stage. 

For students who had read through the 2015-16 Student Handbook before, you are recommended to note the changes made in the 2016-17 which are summarized for your easy reference. 

We hope you would find the Student Handbook a useful guide. Please give us your views and suggestions on how we could further improve our future edition by completing the relevant questionnaire on the web. 

Wishing you a successful and fruitful year of 2016-17! 

Academic Secretariat
