THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF INDUSTRIAL AND SYSTEMS ENGINEERING

Post Specification

(1) **Professor in Product and Process Design** (Ref. 14030404)
(2) **Associate Professor / Assistant Professor in Engineering Management / Logistics Engineering and Quality Services** (Ref. 14030405)

The Department of Industrial and Systems Engineering offers a wide scope of multi-disciplinary undergraduate and postgraduate programmes and actively engages in various applied research and consultancy work with the community. Please visit the website at [http://www.ise.polyu.edu.hk](http://www.ise.polyu.edu.hk) for more information about the department.

**Duties**

The appointees will be required to:

(a) undertake teaching activities at undergraduate and/or postgraduate levels in one of the above areas;
(b) initiate and participate in research, consultancy and other scholarly activities; and
(c) undertake relevant academic administrative duties.

**Qualifications**

Applicants should have:

(a) a PhD degree plus several years of teaching/research/practical experience;
(b) a proven track record in research publication and scholarly activities;
(c) a good command of written and spoken English; and
(d) good communication skills.

**Remuneration and Conditions of Service**

A highly competitive remuneration package will be offered. Initial appointment for Assistant Professor will be on a fixed-term gratuity-bearing contract. Re-engagement thereafter is subject to mutual agreement. An appropriate term will be provided for appointment at Associate Professor and Professor levels. Applicants should state their current and expected salary in the application.
