

## **Notice on Response Actions for the Novel Coronavirus (22): Postponement of Essential Face-to-Face Activities**

Task Force on the Delivery of Online Teaching

2020-03-21 13:47

Dear Students and Staff,

Given the sudden surge of COVID-19 confirmed cases in Hong Kong over the last few days, the Senior Management has decided that, the University will **not** start any essential face-to-face activities, e.g. *practicum*, *clinical skills training*, *hands-on laboratory*, and *studio sessions*, next week.

The University will closely monitor the evolving situation to determine the future arrangements for essential face-to-face activities.

Please take care and stay vigilant, and follow good hygiene habits and to ensure your personal good health!

Alex Wai

Chairman, Task Force on the Delivery of Online Teaching
