## EMPOWER

### Insights

#### Inspirational thoughts to anticipate the unknown

Today, we are living in a world characterised by volatility, uncertainty, complexity and ambiguity. How can we educate the next generation of thought leaders for a complicated world? Dr Robert Philip Wright from the Department of Management and Marketing approached some of the greatest minds in business education with these questions. The result is sharing by 63 hallmark educators and their answers are surprisingly paradoxical and counter-intuitive. Their deep insights and wisdom give us a good reason to pause and reflect for a better world.

Leadership Forum on Design Education

30/11/2020

### DESIGN EDUCATION IN THE ERA OF AI

www.DesignEdAsia.com

### Leadership Forum on Design Education

What if human's creative capacity is going to be empowered, or superseded by Artificial Intelligence (AI)? This year's Leadership Forum on Design Education is set to explore the topic of design education in the era of artificial intelligence. It is a full-day “virtual” event bringing together renowned leaders from industry and academia for high-level discussions aiming to provide insights to shape the future of design education.
