

Department of Applied Mathematics Seminar

Professor Zhaoyang YIN

Sun Yat-sen University, China

Topic

Recent developments on well-posedness and the decay of polymeric fluid FENE dumbbell models

Date| Time

27 February 2026 (Friday) | 11:00am – 12:00nn (HK Time)

Venue

Y301

Abstract:

In this talk, I will talk about recent developments on well-posedness and the decay of the FENE dumbbell model of polymeric fluids, and present some interesting open problems. These are Joint works with Wei Luo and Zhaonan Luo.
