Colloquium

On

Dynamics of Some Population Models

by

**Professor Chunhua Ou
Department of Mathematics and Statistics, Memorial
University of Newfoundland, Canada**

Abstract

In this talk, I will talk about the dynamics of some population models. This includes study of dynamics of the existence of steady states, traveling wavefronts and their stability. Some open questions are also mentioned.

Date : April 27, 2012 (Friday)
Time : 3:00 p.m. – 4:00 p.m.
Venue : HJ610, The Hong Kong Polytechnic University

***** ALL ARE WIELCOME *****
