

Member Reception by the Society of Actuaries (SOA)

On 25 March 2013 evening 6:30 p.m – 8:30 p.m., our academic staff, MSc program students (Actuarial and Investment Science specialism) and BSc in Actuarial Science student attended a member reception at Times Square hosted by President Tonya B Manning of **Society of Actuaries (SOA)**.

Through the event, our participants not only had a face-to-face conversation with SOA's new President, Ms. Tonya Manning, but also had an excellent opportunity to network with the SOA members for first-hand information on the market trend.
