

## Career Talk: Dickson Cheung, Citigroup – “Road to Success”

The Department of Applied Mathematics had invited Mr. Dickson Cheung, Managing Director and Head of Greater China Sales, Asia Pacific Structured Product of Citigroup, to give our students a career talk named “Road to Success” on 18<sup>th</sup> February 2009 evening 6:45 p.m., at room Y301.

In the talk, Dickson shared with our students the first hand information about different job functions, products and services in investment banking industry, as well as real-life challenges in an Equity Derivates Division. He also shared with us his personal experience and tips in career planning towards success.

30 students attended the talk. Students raised lots of questions, especially on the employment market of financial sector both in Hong Kong and overseas. Dickson answered every question in details with his personal and professional advice.

Students commented the talk was interesting, informative, professional and full of valuable insider insights. The overall feedback was very good. All of us had an enjoyable and inspiring evening.
