

Tour to AIA Career Day 2009

On 14th February 2009, Department of Applied Mathematics was invited by American Insurance Assurance Company (Bermuda) Limited (AIA) Senior Unit Manager Ms. Melissa Chow to visit AIA Career Day 2009 at Central's AIG Tower. 24 AMA students had joined this visit.

The visit started in the morning 11:00 a.m. with walking tour at AIG Tower's booth area, where AIA staff introduced the newly launched recruitment program of Associate Financial Planner and its career path to our students. After lunch, our students had the honour to meet

with Mr. Jones Lam, Vice President and Head of Financial Planning of AIA. He shared with our students his view on the insurance business and its future. Followed with the brief meeting with Mr. Jones Lam, our students had also attended a talk by financial celebrity Mr. Tsang Chi

Ying, which talked about how to tackle with the current global economic crisis. The tour ended at 3:30 p.m. Students left with beam of optimism towards the economic situation and insurance business, as well as valuable recruitment information and a tangible souvenirs from AIA.
