3. Demonstration & Co-reflection	30%	0%													
Objectives	<p>This is an option subject for those who are interested to pursue pertinent issues in social work education with a critical reflection on the local and international scene. Issues of praxis, epistemology and pedagogy will be examined with the view to develop a personal stance in curriculum development, pedagogy and teacher-student interactions.</p>														
Intended Learning Outcomes	<p>Upon completion of the subject, students will be able to:</p> <ol style="list-style-type: none"> a. Students would be able to examine and deliberate critical issues in social work education both locally in their host countries and in international scene. b. Students would become knowledgeable in the works of various scholars related to pedagogical approaches relevant to social work education. c. Students would be sensitive and understand the various forces at work affecting the learner in the contemporary scene. d. Students would be able to articulate and develop their personal stance in teaching social work practice. 														

Subject Synopsis/ Indicative Syllabus	<ol style="list-style-type: none"> 1. Identification, and rigorous examination, of issues and problems in teaching social work practice: <ul style="list-style-type: none"> • issues in social work education : social work theories in context (postmodern turn) • use of emerging technology in social work practice/teaching • emotions –friend or enemy? • reflexivity and dialectics in teaching and learning 2. Identification and critical review of students’ pedagogical practice; <ul style="list-style-type: none"> • uniqueness of your personal approach in theory and practice; • examine the personal and professional interface/integration • moral consideration 3. Towards a personal stance in teaching social work practice 																																		
Teaching/Learning Methodology	<p>Group discussion, presentation, demonstration and co-reflection will be used predominantly. Students will engage themselves in these activities as a learning community with the subject teacher as a facilitator. Each student will be given ample opportunity to demonstrate and present his or her personal stance in teaching social work practice followed by discussion and co-reflection.</p>																																		
Assessment Methods in Alignment with Intended Learning Outcomes	<table border="1" data-bbox="431 953 1432 1398"> <thead> <tr> <th rowspan="2">Specific assessment methods/tasks</th> <th rowspan="2">% weighting</th> <th colspan="4">Intended subject learning outcomes to be assessed</th> </tr> <tr> <th>a</th> <th>b</th> <th>c</th> <th>d</th> </tr> </thead> <tbody> <tr> <td>1.
