

Indicate Interest in Service-Learning Subjects Requiring Selection

(For students enrolled in Undergraduate Degree programmes)

1. Some Service-Learning (SL) subjects cannot be registered directly during the Subject Registration, Adjustment before Semester Commencement, or Add/Drop periods. If you are interested, you can indicate your preference using the “Service-Learning Indication” function.
2. You may need to submit a short essay in English (max 200 words, up to 4,000 characters; each <Enter> counts as a character). Prepare your essay before logging into eStudent, as the system will log you out after 15 minutes of inactivity.
3. After the indication period ends, departments will select students and register the subjects for those shortlisted. During this time, you can view your selected subjects but cannot add, edit, or delete them.
4. Selection for these SL subjects is not first-come-first-served.

Note: For SL subjects without a selection process, you can register directly during the Subject Registration Period, the Adjustment before Semester Commencement Period and the Add/Drop Period.

Key Information

Service-Learning Subject Indication

- Students enrolled in 4-year undergraduate degree programmes may indicate their choices of Service-Learning subjects requiring pre-selection for enrolment, if interested.
- Please note that selection for enrolment in these subjects is not on a first-come, first-served basis.
- You can indicate **up to 3 choices** in order of priority.
- Some subject offering Departments may require you to submit a passage in English of no more than 200 words (maximum 4,000 characters; note that pressing <Enter> counts as a character). Please refer to the subject information for specific requirements.
- Please be aware that the system will automatically log out after 15 minutes of inactivity. It is recommended that you prepare your passage in advance and copy and paste it into the system when making your indication.
- After the indication period closes, the subject offering Department will begin the selection process and register the relevant subject for successful students. The results will be communicated by the subject offering Department, and students can check their subject registration records via eStudent.
- For further details, please refer to the website of the Service-Learning and Leadership Office.

You have successfully indicated your preference in the following subject(s). These will be submitted to the Subject Offering Department(s) for consideration. They will inform you of the results.

Subject Code	Credits	Subject Group	Priority	Passage (no more than 200 words with a maximum 4000 characters in English), if required
SN2S03	3.0	202N	1	
EE2S01	3.0	261N	2	
CHC2S02P	3.0	201N	3	

For converting passage into English ASCII characters

To ensure your passage (including punctuation) is in English ASCII characters, please convert your passage to ASCII characters using Microsoft Word:

1. Click “Save as” > Select “Save as type” as “Plain Text” > Click “Save” button.

2. A box will be prompted as below. Select the following options:
 - a. Select “Text encoding” as “Other encoding: US-ASCII”
 - b. Select “Allow character substitution”

Then click “OK” button. Microsoft Word will convert the passage into English ASCII characters.

3. Open the newly saved text file and copy and paste the passage to the system.
