THE HONG KONG POLYTECHNIC UNIVERSITY
香港理工大學

Department of Architecture
建築學系

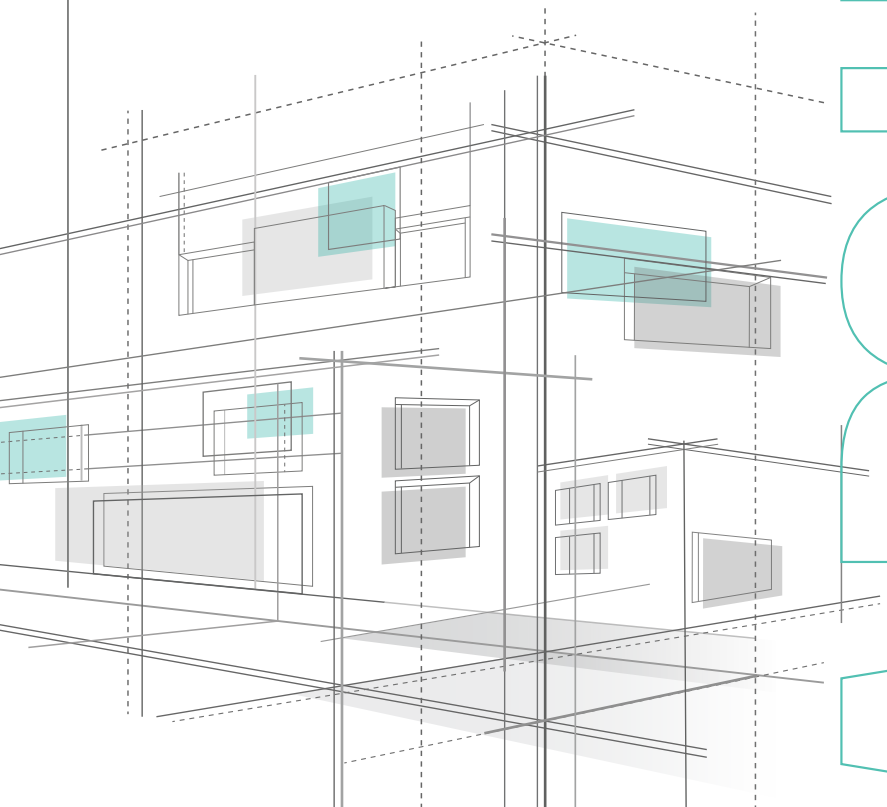

Bachelor of Science (Honours) in Architectural Studies

建築學(榮譽)理學士學位

(JUPAS CODE: JS3214)

QS World University Rankings by subject 2026

2nd Architecture and Built Environment
in HK (21st Worldwide)

PROGRAMME HIGHLIGHTS

- *Architecture & Design Partnership*
- *Advanced Technology Integration (AI/ BIM)*
- *Sustainable Built Environments*
- *Analytical & Digital Skills*
- *Research Spirit & Critical Thinking*
- *Global Vision, Local Values*

MODE OF STUDY

Full-time

NORMAL DURATION

4 Years

CREDIT REQUIRED FOR GRADUATION

120 (plus 2 training credits)

PROGRAMME LEADER

Ar. Prof. Tris KEE

Registered Architect, Authorized Person (Architect), HKIA, HKIDA, HKICON, HKAC, PhD, M. Arch, B. Arch

JOURNEY

Year 1

Build Your Foundations

Creativity, leadership, mathematics, physics, AI and innovation.

Year 2

Explore Design and Technology

Studio learning, spatial research, structures, materials, environment and building sciences.

Year 3

Integrate Design and Practice

Urban design, sustainability, project delivery, BIM, AI and internship experience.

Final Year

Define Your Architectural Direction

Research, conservation, law, tectonics and advanced spatial design.

DEPARTMENT OF
ARCHITECTURE 建築學系

CAREER PROSPECTS

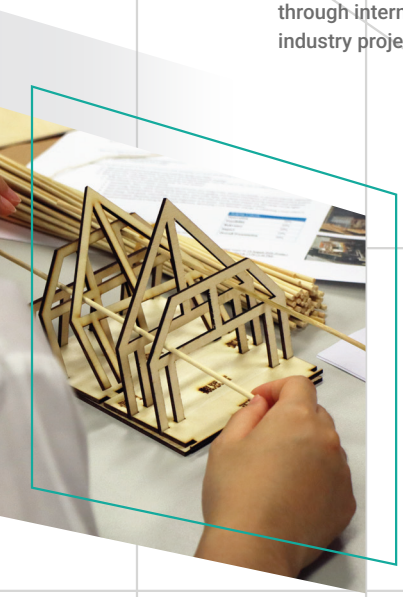

GLOBAL OPPORTUNITIES

Overseas Exchange

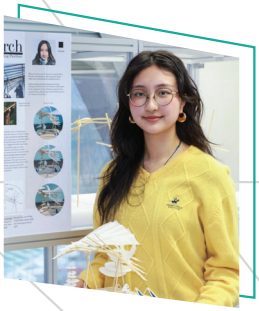

Study abroad and broaden international perspective

Internship & Practice Exposure

Gain real-world experience through internships and industry projects

STUDENTS SHARING

PolyU's studio visits and practical projects strengthened my understanding of materials, construction, model-making, teamwork, and architectural design.

TAM Yeung Yung Yolanda

BSc in Architectural Studies Year 2 student

Through real-world projects and industry learning, PolyU has developed my design skills and broadened my understanding of architecture, technology, and daily life.

TSE Yuet Fung Atticus

BSc in Architectural Studies Year 2 student
