Date: 14 February 2018

Class Timetable for Summer Term of 2017-18

The class timetable for Summer Term of 2017-18 will be available for your checking starting from **9:00 a.m. of Thursday 15 February 2018**. You can gain access to the class timetable enquiry system via eStudent (<http://www.polyu.edu.hk/student/>).

Viewing of Timetable Information

The following 2 options of class timetable are available for viewing.

i) ***Personal Timetable***

If you have been assigned subjects by your department, you will be provided with a personal class timetable in which all subject components successfully timetabled are shown.

ii) ***Subject / Programme Timetable (under “Subject Search”)***

If you have not been assigned subjects by your department, you will not be provided with any personal class timetable. You should search the class timetable information using this option to check the timetable of the subjects which you intend to take in the coming semester.

For students who would like to select Cluster Area Requirements (CAR) / Service Learning (SL) subjects, please check the timetable of CAR / SL subjects by selecting “Subject Category”.

CAR Subjects to be Offered in the Evening / Saturday Sessions

Please note that some CAR subjects have been timetabled in the evening and Saturday sessions so as to provide better chances for students to take these subjects. The subject list as of 14 February 2018 is attached [here](#) for your reference.

Subject Registration Arrangements for Summer Term

Students will be invited to perform Summer Term Subject Registration during the period from 5 to 7 March 2018 (for students enrolling in Part-time or Mixed-mode programmes) and from 12 to 14 March 2018 (for students enrolling in Full-time programmes). Separate notification on Subject Registration Arrangements for Summer Term will be sent to students in February / March 2018.

Please approach your department if you have any queries on the timetable.
