## The Hong Kong Polytechnic University

## **Subject Description Form**

Subject Code	ELC3421				
Subject Title	English for Construction and Environmental Professionals				
Credit Value	3				
Level	3				
Pre-requisite	LCR English subjects				
Objectives	This subject aims to develop the English language skills required by students to communicate effectively in their future careers.				
Intended Learning Outcomes (Note 1)	Upon completion of the subject, students will be able to: a. plan, organise and produce effective workplace correspondence; b. interact professionally in job interviews; c. participate actively in workplace discussions; and d. plan, organise and produce professional technical documents. To achieve the above outcomes, students are expected to use language and text structure appropriate to the context, select information critically, and present and support stance and opinion.				
Subject Synopsis/ Indicative Syllabus	This syllabus is indicative. The balance of the components, and the corresponding weighting, will be based on the specific needs of the students.				
(Note 2)	1. <b>Professional portfolio and technical documents</b> Improving comprehension of technical texts; understanding and applying organisation structures and language features to produce professional technical documents such as proposals and portfolios; achieving cohesion and coherence; using an appropriate style, format, structure and layout.				
	2. Job interviews and work-related discussions Practising the specific verbal and non-verbal skills required in job-seeking interviews for communication with potential employers, and in workplace discussions with a range of participants such as co-workers, clients and staff of government departments.				
	3. Workplace correspondence Selecting and using relevant content; organising ideas and information; maintaining appropriate tone, distance and level of formality; achieving cohesion and coherence; using an appropriate style, format, structure and layout.				
	4. Language appropriacy Using context-sensitive language in spoken and written English.				
	5. Language development Improving and extending relevant features of grammar, vocabulary and pronunciation.				

<b>Teaching/Learning</b> <b>Methodology</b> (Note 3)	The study method is primarily seminar-based. Activities include teacher input as well as individual and group work involving drafting and evaluating texts, mini-presentations, discussions and simulations. Contexts that involve the different fields of construction, surveying and property management, and environmental management will be used in the teaching and learning activities. Students will be referred to information on the Internet and the ELC's Centre for Independent Language Learning. Learning materials developed by the English Language Centre are used throughout this course. Additional reference materials will be recommended as required.							
Assessment Methods in Alignment with Intended Learning	Specific assessment methods/tasks	% weighting	Intended subject learning outcomes to be assessed (Please tick as appropriate)					
Outcomes			a	b	c	d		
(Note 4)	1. Workplace correspondence	30%			~			
	2. Job interview and discussion	40%	~	~				
	3. Professional portfolio for chartered assessment	30%				~		
	Total	100 %					·	
	Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes: This subject adopts the method of 100% out of class assessment. Students' oral and writing skills are evaluated through assessment tasks related to the learning outcome areas. Students are assessed on the accuracy and the appropriacy of the language used in fulfilling the assessment tasks, as well as the selection and organisation of ideas.							
Student Study Effort Expected	Class contact:							
	Online seminars					39 hrs.		
	Other student study effort:							
	Classwork-related, assessment-related, and self- access work 78 hrs						nrs.	
	Total student study effort117 hrs.						nrs.	
Reading List and References	Required reading     Course materials prepared by the English Language Centre     Recommended readings
