

The Hong Kong Polytechnic University

Subject Description Form

Subject Code	CBS1CN14M
Subject Title	Sense making of signs across cultures
Credit Value	3
Level	1
Pre-requisite / Co-requisite/ Exclusion	Exclusion: CBS1C14P and CBS1CN14P and CBS1C14M
Objectives	This subject aims to present to students how our humanity develops in tandem with the birth of the symbolic mind and the associated culture, particularly the invention of speech and writing system as a set of signs, and how the symbolic culture eventually leads to the emergence of modern civilization that we are experiencing nowadays.
Intended Learning Outcomes <i>(Note 1)</i>	Upon completion of the subject, students will be able to: <ul style="list-style-type: none"> a. articulate the uniqueness of humanity, that is having abilities to confer meaning to parts of our body and of the universe, in relation to humans as a sign marker b. understand the interface between nature, culture and civilization c. aware of the within-culture and between-culture variation in the interpretation of cultural signs
Subject Synopsis/ Indicative Syllabus <i>(Note 2)</i>	<p>Part A: Sense Making of Signs (Week 1-3)</p> <ul style="list-style-type: none"> • The emergence of symbolic culture in humanity in pre-modern era • The interface and development of signs from nature to culture in from pre-modern to modern world • The symbolic mind: basic workings and meaning creation of signs in human mind in the 20th century: an introduction to Saussure's dyadic model and Peirce's triadic model <p>Part B: Cultural and Linguistic Sign (Week 4-8)</p> <ul style="list-style-type: none"> • Introducing the typology of cultural signs and the use of cultural signs in modern world • The travelling of sign across space and time: the intra- and inter-cultural variation of sign in Asia and European cultures • Understanding linguistic sign from the semiotic perspectives- using the development of Hanzi as an example

	<p>Part C: Verbal and Non-verbal signage in human development (Week 9-13)</p> <ul style="list-style-type: none"> • Articulating the kinesics/ body motion communication in human activity (e.g. kinesics or motion-related communicative norms in routine and strategic interpersonal, social, professional and public contexts) • Learning the human use of proxemics or spatial orientations and its effects in a cross-cultural perspective • The role and function of chronemics or time management as symbolic systems in different cultures 																																	
<p>Teaching/Learning Methodology (Note 3)</p>	<p>Subject matter is delivered in lecturer and consolidated in seminars. Conceptual grounding with illustrations and cases will be given in lectures. Extended discussion on lecture topics will be delivered in the student-centered seminars where students will be assigned to form small groups to have in-depth discussion with teachers on related readings to gain a concrete understanding of the intricate issues on symbolic communication that are of great relevance to human development and the shaping of today's world.</p> <p>Further consolidation on students' grip of the subject matter is done via a quiz in Part A, essay writing and oral presentations concerning Parts B and C.</p>																																	
<p>Assessment Methods in Alignment with Intended Learning Outcomes (Note 4)</p>	<table border="1" data-bbox="533 1155 1482 1832"> <thead> <tr> <th rowspan="2">Specific assessment methods/tasks</th> <th rowspan="2">% weighting</th> <th colspan="3">Intended subject learning outcomes to be assessed (Please tick as appropriate)</th> </tr> <tr> <th>a</th> <th>b</th> <th>c</th> </tr> </thead> <tbody> <tr> <td>1. 	<p>symbolic activity, development of signs and the sense making process of signification which are also the ILOs a, b and c.</p> <p>Essay writing: Students will have to work on individual basis to prepare a short essay of 600-800 English words to present their own views on either 1) the typology and use of sign(s), 2) the travel of sign(s) or 3) the use or development of linguistic sign(s). Students will be required to read related materials in the preparation of essay writing.</p> <p>Oral Presentation: This is a group project in which students will work in a group of 3-5 members to conduct a presentation on the use of verbal and/or non-verbal signage in social or corporate context.</p> <p>Seminar performance: Students will be involved in reading related materials for seminar discussion to explore their learning of lecture topics that covers all ILOs. Active participation during seminar is highly encouraged.</p> <p>As for the marking schemes of the aforementioned assignments, students will be clearly told that credits will be given to attributes such as accuracy in subject-matter handling, clarity in delivery, and appropriate use of illustrations that is drawn on a broad range of experiences.</p>	
Student Study Effort Expected	Class contact:	
	<ul style="list-style-type: none"> ▪ Lectures 	26 Hrs.
	<ul style="list-style-type: none"> ▪ Seminars 	13 Hrs.
	Other student study effort:	
	<ul style="list-style-type: none"> ▪ Self study 	39 Hrs.
	<ul style="list-style-type: none"> ▪ Coursework preparation 	39 Hrs.
	Total student study effort	117 Hrs.
