Course Description

Day 1

Language Sample Analysis for Assessment and Intervention

- Historical development and current state of language sample analysis (e.g., MLU, LARSP, GACS, CanLARSP).
- Applying modern Chinese/Cantonese grammar principles to analyse preschool language samples.
- Structuring goals and documenting progress using language sample analysis.

Date 21 Aug 2026 (Fri)

Time 09:30 to 12:45 & 14:15 to 17:30

Day 2

Multi-tier Framework for Language Intervention in Schools

- Theoretical foundations of contextualized language intervention.
- Extracting meaningful therapy targets from everyday classroom materials using bidirectional strategies.
- Integrating micro-level language skills with macro-level reading and discourse comprehension
