Visit by Ir Dr the Hon Lo Wai Kwok, SBS, MH, JP, Member of Legislative Council of the Hong Kong SAR

2018.03.20

Ir Dr the Hon Lo Wai Kwok, SBS, MH, JP, Member of Legislative Council of the Hong Kong Special Administrative Region, representing the Engineering Functional Constituency visited the CNERC on 20 March 2018. Prof. K. F. Chung reported the work progress of the CNERC since its establishment and its recent development, as well as the major research projects, in particular:

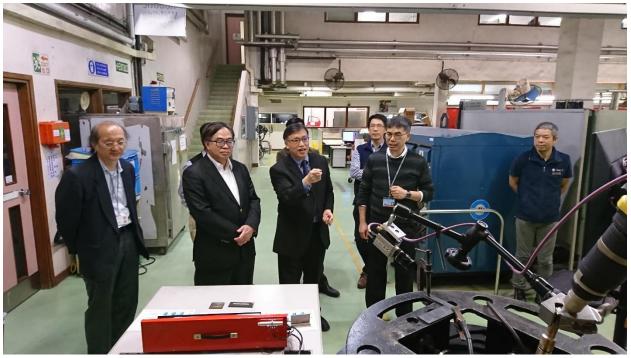

- 1. Equivalent steel materials design using high quality Chinese steel materials, and
- 2. Effective use of high performance steel materials Q690 ~ Q960.

From left: Dr. H. C. Ho, Prof. K. F. Chung, Dr. W. K. Lo, Prof. Joseph Mak and Dr. T. M. Chan.

Dr. W. K. Lo was President of the Hong Kong Institution of Engineers in 2007/08. He is currently Member of the Legislative Council of the Hong Kong Special Administrative Region, representing the Engineering Functional Constituency. He also serves as Chairman of the Business and Professionals Alliance of Hong Kong, Chairman of the Hong Kong Quality Assurance Agency, members of the Housing Authority, the Hospital Authority, and the West Kowloon Cultural District Authority, member of the Hong Kong Science Park Board of Directors, and Immediate Past President of the Hong Kong Professionals and Senior Executives Association, etc. He has stepped down as member of the Town Planning Board, Council for Sustainable Development, Advisory Council on the Environment and the Hong Kong Council for Testing and Certification. He was Shatin District Councilor for many years. His expertise and areas of service cover infrastructure, town planning, environment, housing, technology, industry, education and community service, etc.

Dr. Lo highly appreciated the work of the CNERC, and advised to strengthen research and development on the State's Key Science and Technology, and specifically in the Guangdong-Hong Kong-Macao Bay Area.

Dr. Lo visited the CNERC welding laboratory.
