Visit by Prof. Richard J. Y. Liew, National University of Singapore

2018.03.28

Prof. Richard J. Y. Liew, Deputy Head (Research), Department of Civil and Environmental Engineering of National University of Singapore visited the CNERC on 28 March 2018. Prof. K. F. Chung updated the work progress of the CNERC since Prof. Liew's last visit to Hong Kong in December 2016 and its recent development, as well as the major research projects, in particular:

1. Equivalent steel materials design using high quality Chinese steel materials, and
2. Effective use of high performance steel materials Q690 ~ Q960.

From left: Prof. K. F. Chung (PolyU), Prof. Richard Liew (NUS), Dr. Ray Su (HKU).

Prof. Richard Liew is Professor of the Department of Civil and Environmental Engineering, National University of Singapore. He is a Professional Engineer in Singapore, a Chartered Engineer in U.K, a Chartered Professional Engineer of the Association of Southeast Asian Nations, and Past President of the Singapore Structural Steel Society and a fellow of academy of Engineering Singapore.

Prof. Liew appreciated the work of the CNERC, and looking forward to future research collaboration with the Centre.
