

## Conference on “Green Deck” PolyU Innovation Tower - Think Tank 14 December 2015

With a view to engaging different stakeholders in the formulation of a better development proposal, PolyU has organized a Conference on “Green Deck”, with guest speakers from various industries including planning, engineering, transportation, tourism and green building. Apart from discussing the development potential of the project, the guests and participants have also explored how best we could take this innovative social project forward.
