Strategic Plan 策略發展計劃 2012/13-2017/18

The cover design comprises a collage of two landmark campus sculptures, which were created and donated to PolyU by renowned artist Prof. Norman Ko Wah-man. Entitled "Soaring"¹ and "Vision"², they embody his wish for PolyU to continually aspire to and attain new heights through inspirational foresight, echoing the theme of this Strategic Plan—Soaring with a Vision.

封面設計拼合了校內兩座由著名藝術家高華文教授捐贈予理大的雕塑作品。它們分別名為「翱翔」¹及「遠瞻」²，代表高教授對理大的祝願，希望理大懷著遠大願景繼續展翅翱翔，攀上高峰，正好配合此策略發展計劃的主題——高瞻遠矚。

PolyU Logo 理大校徽

The University logo is developed from the well-established emblem designed in the early 1970s for the then Hong Kong Polytechnic. The round shapes at each corner intertwine to symbolize “P” for Polytechnic and “U” for University. The image of “T” that stands for technical excellence in the past logo is retained, and the open perimeter represents increased interaction between the University and the world.

理大校徽以七十年代初香港理工學院的校徽設計為藍本。校徽的圓角代表理工英文拼寫的“P”及大學英文拼寫的“U”，而前校徽內的字母“T”代表卓越科技，亦予以保留；而周邊開口的設計則代表大學與世界作更緊密的聯繫。

Our Vision

Be a leading university that excels in professional education, applied research and partnership for the betterment of Hong Kong, the nation and the world.

Foreword 前言

Message from the Council Chairman 校董會主席的話

2012 is a special year for PolyU and the local higher education sector as it marks both the 75th anniversary of the University and the implementation of the four-year undergraduate curriculum in Hong Kong. On the one hand, we take pride in celebrating the solid foundation laid by our predecessors while, on the other hand, we are well aware of the challenges and opportunities ahead.

“Direction determines destination.” I strongly believe that it is only with the right direction that one can head towards the target destination. In this regard, I am pleased to note that PolyU has formulated its new Strategic Plan to guide it through the coming two triennia.

As a result of rounds of meetings of the Strategic Planning Task Force and the seven Working Groups, together with extensive consultation with different stakeholders, the Strategic Plan represents the University's collective wisdom and joint efforts in devising the key goals and approaches for its further development.

I believe that the University's ultimate goal is well reflected by the theme “Soaring with a Vision”. I sincerely hope that PolyU will continue to enjoy strong support from various sectors of the community. With shared vision and commitment to the implementation plan, PolyU will soar to new heights in nurturing talents for society and in advancing the frontiers of knowledge for the betterment of Hong Kong, our nation and the world. Undoubtedly, the management team, fully supported by the Council, is committed to working with staff members, students and other stakeholders to deliver such vision, further living up to the University's motto “To learn and to apply, for the benefit of mankind”.

I would like to take this opportunity to thank everyone who has helped develop this Strategic Plan.

零一二年對理大及香港高等教育界來說，都是特別的一年，因為它標誌著理大建校七十五周年及香港的大學推行四年制本科課程。我們一方面為前人奠下的堅實基礎感到自豪，另一方面亦深知前路充滿挑戰。

「方向決定目標」，我深信只有朝著正確的方向，才能到達目的地。因此，我喜見理大制訂新的策略發展計劃，指引大學今後兩個三年期的工作。

此計劃經過策略發展計劃專責小組及其下七個工作小組多輪會議討論，並廣泛徵詢不同持份者然後制訂，它代表理大同寅集思廣益、齊心協力，為大學進一步發展訂定目標及方向。

此計劃的主題是「高瞻遠矚」，從中可反映大學最終希望達致的目標。我衷心希望理大繼續獲得社會各界的大力支持。憑著共同的願景及推行計劃的決心，理大定能再上層樓，為社會培育人才，推動知識創新，為香港、國家及世界作出貢獻。我深信，在校董會的全力支持下，理大管理團隊將與教職員、學生及其他持份者一起致力實踐願景，進一步發揮校訓「開物成務 勵學利民」的精神。

藉此機會，謹向所有協助制訂策略發展計劃的人士致以衷心的謝意。

Message from the President

校長的話

The PolyU's long-term strategic planning exercise, which aims at paving the way for the further advancement of the University, was initiated in 1994. Following the three Strategic Plans covering the periods 1995/96 to 2000/01, 2001/02 to 2007/08, 2008/09 to 2011/12, I am pleased to present to you the latest edition of PolyU's Strategic Plan which will guide our development in the coming two triennia — 2012/13 to 2017/18.

In the years ahead, we face the challenges brought about by the implementation of the four-year university curriculum, the ongoing development of a knowledge-based economy, increasing globalization, and the closer integration of Hong Kong and the Chinese mainland. To chart the course for the University in this critical phase of its institutional advancement, I am pleased to note that the Strategic Planning Task Force has brought together different Working Groups and formulated this Plan based on inputs provided by our staff, student and alumni bodies, Council and Court members as well as various advisory committees.

This Strategic Plan reiterates the importance of the University's two primary core functions — Learning and Teaching, and Research, which are supported by the five strategic areas, namely, Knowledge Transfer, Entrepreneurship and Service to Community; Internationalization, Branding and Marketing; Engaging the Nation; Campus Development; and Recruitment and Retention.

These core functions and strategic areas all point towards the same goals, which are shared by all members of the PolyU family — to enhance the holistic development of students who can serve well our community, our nation and the world, and to advance innovative research which can bring benefits to mankind.

I call on the continued support from our colleagues, students and alumni, friends and partners, which is vitally important for PolyU to achieve its goals and forge ahead in the coming years. I also take this opportunity to thank all those involved in the planning process, especially members of the Strategic Planning Task Force and the seven Working Groups, for their inputs.

理 大自一九九四年開始進行長遠的策略發展工作，旨在為大學的進一步發展訂定綱領。繼之前三個分別涵蓋一九九五/九六至二零零零/零一、二零零一/零二至二零零七/零八及二零零八/零九至二零一一/一二 的策略發展計劃後，我很高興向大家介紹理大最新的策略發展計劃，它將為本校未來兩個三年期，即二零一二/一三至二零一七/一八的發展提供指引。

未來幾年，四年制大學課程的推行、知識經濟的持續發展、全球化的擴張，以及香港與中國內地更緊密的融合，將為理大帶來種種挑戰。在這個重要時刻，我喜見策略發展計劃專責小組聯同不同的工作小組，根據教職員、學生、校友、校董會、大學顧問委員會，以及多個顧問委員會的意見，為大學的長遠發展制訂路向。

策略發展計劃強化大學兩項核心功能——學與教、研究——的重要性，這兩項核心功能由五個策略範疇提供支援，即知識轉移、企業精神及服務社會；國際化、品牌建立；參與國家發展；校園發展；以及延攬人才。

這些核心功能及策略範疇旨在達致相同的、亦是理大全體同寅共同奮鬥的目標——促進學生的全人發展，使他們更好地服務社會、國家及世界；並推動創新研究，造福人類。

我呼籲各位同事、同學及校友，各界友好及夥伴繼續支持理大，這對我們實現目標及向前邁進非常重要。我亦要藉此機會感謝所有參與制訂計劃的人士，尤其感謝策略發展計劃專責小組及七個工作小組提供寶貴的意見。

Message from the Chairman of the Strategic Planning Task Force

策略發展計劃專責小組主席的話

The University has recently reshaped its vision and mission to better reflect our institutional aspirations. The Strategic Plan is a document designed to guide us through the next two triennia in the realization of our revised vision and mission. It defines the institutional priorities for the coming six years, and articulates these in terms of strategic goals. In recognition of the University's core functions of learning, teaching and research, the strategic goals for each of these are presented first. The strategic goals for the remaining five areas are then presented in support of those core functions.

The involvement of various sectors of the University community in the formulation of the Strategic Plan has been vital. We have engaged as many stakeholders as practicable at different stages of the planning process through various channels including, in particular, the internet and open forums. The wide spectrum of stakeholders consulted includes staff, students, alumni, advisory committees, as well as Council and Court members.

In formulating the Plan, we acknowledge the University's 75-year heritage through the four stages of development. While our heritage and close ties with the community form a strong foundation for the University's next stage of development, our close links and strong partnerships with various sectors of the community will continue to be the platforms for the realization of our strategic goals.

I would like to take this opportunity to offer my sincere gratitude to all those who were involved in and contributed to the various stages of the formulation of this Strategic Plan. To translate the Plan into reality will however require continued commitment from the entire University community.

Let us move forward together.

理 大最近修訂了願景及使命，以便更清晰地反映大學的抱負。此策略發展計劃旨在為大學未來兩個三年期提供指引，實踐我們新的願景和使命。計劃確定本校未來六年須重點發展的範疇，並為每個範疇訂立策略目標。理大的核心功能是學與教及研究，因此計劃分別闡述其策略目標，然後列出支援核心功能的其他五大範疇的策略目標。

要制訂策略發展計劃，大學各方群策群力，積極參與至為重要。我們在各個籌劃階段，均在可行範圍透過各種途徑邀請持份者表達意見，包括互聯網及公開論壇。我們諮詢的對象廣泛，包括教職員、學生、校友、顧問委員會，以及校董會與大學顧問委員會的成員。

在制訂計劃時，我們時刻緊記理大過去四個發展階段七十五年的優良傳統。理大的傳承及與社會的緊密聯繫，為未來的發展奠定了堅實的基礎，而我們與社會各界緊密的連繫及合作夥伴關係，則繼續成為本校實踐各個策略目標的台階。

PolyU — History and Development

香港理工大學 — 歷史與發展

The year 2012 marks the 75th anniversary of The Hong Kong Polytechnic University. Reflecting on its development at this important milestone, the PolyU family takes pride in noting that we have become an internationally known university which emphasizes education and research with strong application value and social relevance, reflecting and realizing our motto “To learn and to apply, for the benefit of mankind.”

香港理工大學於二零一二年慶祝建校七十五周年。在這個重要的里程碑回顧院校的發展，我們深感自豪，理大已成為一所以應用教育與研究享譽國際的大學，充分體現校訓「開物成務 勵學利民」的精神。

Our uniqueness — strong linkage with the community

Over the years, PolyU has been highly commended for its commitment to nurturing professionals and leaders for society, engaging in research that has impact and practical value, and fostering partnerships with academia, government, business and industry. PolyU has undoubtedly played an important role in the different stages of social and economic development of our community, helping to propel progress in Hong Kong, the Chinese mainland and the world.

我們的獨特性 — 與社會息息相關

多年來，理大致力為社會培育專業和領導人才、從事具影響力和實用價值的研究，以及與學術界、政府和工商界建立夥伴關係，一直備受讚揚。無疑，理大在社會及經濟發展的不同階段中，扮演著重要的角色，有助推動香港，中國內地和世界的進步。

Our history — answering to the call of the times

Always ready to meet the changing needs of the times, our institution's progress over the last seven decades has also reflected the social and economic changes in the Hong Kong community.

The development of local technical education can be traced back to 1937, when the **Government Trade School** was opened in Wood Road, Wanchai. It was the first publicly-funded, post-secondary technical institution in Hong Kong, and was the forefather of PolyU. Initially there were about 70 full-time students enrolled in classes run by three departments, offering courses that included marine wireless operating, mechanical engineering and building construction.

The provision of technical education continued in a small scale during World War II. After the War, the Government Trade School was renamed **Hong Kong Technical College** in 1947. With the inflow of immigrants, entrepreneurs and capital from the Chinese mainland in the 1950s, Hong Kong experienced a population explosion and accelerating industrialization. This led to a great demand for trained technicians and professionals. Against this background, the College moved to its new premises in Hung Hom in 1957, signifying a new chapter in the provision of industrial education in Hong Kong.

我們的歷史 — 回應時代的需要

理大一直積極回應時代不斷變化的需求，過去七十多年，本校的發展也反映了本港社會和經濟的轉變。

本港工業教育的發展可追溯到一九三七年，當時香港官立高級工業學院成立，校舍位於灣仔活道。它是香港第一所由政府資助、提供專上程度工科教育的院校，也是理大的起源。學院有三個學系，開辦的課程包括航海無線電操作、機械工程及建築工程等，取錄約七十名全日制學生。

第二次世界大戰期間，本港的工業教育以一個較小的規模繼續進行。戰後，香港官立高級工業學院於一九四七年易名為香港工業專門學院。及至五十年代，隨著內地移民、企業家及資金的流入，香港的人口急劇膨脹，而工業亦迅速發展。因此，社會對技術人員和專業人士的需求大增。在這背景下，學院於一九五七年遷往紅磡新校舍，為香港的工業教育展開新一頁。

In 1965, Dr the Honourable Chung Sze-yuen addressed the Legislative Council suggesting that the Government should consider setting up a “polytechnic-type institution”. He also worked closely with Dr the Honourable Tang Ping-yuan on the Polytechnic Planning Committee. Eventually, the **Hong Kong Polytechnic** was formally established in 1972, with the mandate to provide application-oriented education to meet the community’s need for professional manpower.

There were about 1,600 full-time and 10,000 part-time students enrolled in classes run by eight teaching departments in the first academic year. The range of courses in the early years covered engineering, commerce and management, mathematics and science, nautical studies and textiles.

In 1994, the institution, assuming full university status after gaining approval from the University and Polytechnic Grants Committee for self-accreditation of degree programmes, changed its name to “**The Hong Kong Polytechnic University**”.

一九六五年，鍾士元博士在立法局致詞時表示，政府應考慮成立理工學院類型的院校。他亦與唐炳源博士緊密合作，一同參與理工學院籌備委員會的事務。其後，香港理工學院於一九七二年正式成立，秉承開辦應用教育的使命，回應社會對專業人才的需求。

當時學院有八個學系，首學年取錄約一千六百名全日制及一萬名兼讀制學生。早期課程包括工程、商管、數理、航海及紡織。

一九九四年，學院獲大學及理工教育資助委員會頒授自我評審資格，正式取得大學地位，並正名為香港理工大學。

The Engagement Process

制訂策略發展計劃的過程

Formation of the Task Force and Working Groups

The President appointed a Strategic Planning Task Force in early January 2012 to: assist him in the development of the University's Strategic Plan 2012/13 – 2017/18; conduct consultation exercises; and collect views from various stakeholders of the University. Seven Working Groups were set up to focus the discussion on the following strategic issues: (i) Learning and Teaching; (ii) Research; (iii) Knowledge Transfer, Entrepreneurship and Service to Community; (iv) Internationalization, Branding and Marketing; (v) Engaging the Nation; (vi) Campus Development; and (vii) Recruitment and Retention. The Task Force and Working Groups comprised members from different sectors of the PolyU community, including staff, student representatives, alumni representatives, Council and Court members, external members and advisors. The terms of reference and membership of the Task Force and the Working Groups are shown in *Appendix 1*.

成立專責小組及工作小組

校長於二零一二年一月初委任策略發展計劃專責小組，協助擬訂二零一二/一三至二零一七/一八年度策略發展計劃；舉辦諮詢活動；以及向大學各持份者徵集意見。此外，成立七個工作小組，專注探討以下的策略事項：(i) 學與教(ii) 研究 (iii) 知識轉移、企業精神及服務社會 (iv) 國際化、品牌建立 (v) 參與國家發展 (vi) 校園發展及(vii) 延攬人才。專責小組及工作小組的成員來自校內不同界別，包括教職員、學生代表、校友代表、校董會、大學顧問委員會成員、校外成員及顧問。專責小組及工作小組的職權範圍及成員名單列載於 *附錄一*。

Consultation

Consultation was conducted through different channels, including formal meeting discussion, face-to-face exchanges at Open Forums, on-line feedback, as well as solicitation of inputs through the respective Working Groups. The scope of consultation was wide, covering staff, students (including those of the self-financing arm of the University), Council and Court members, and alumni and advisory committee members.

諮詢工作

我們透過不同渠道進行諮詢，包括正式會議討論、公開論壇、網上留言板以及各個工作小組。諮詢對象的層面廣泛，涵蓋教職員、學生(包括自負盈虧課程的學生)、校董會及大學顧問委員會成員、校友及顧問委員會成員。

A dedicated website was set up for the Strategic Planning exercise to enable all stakeholders to express their views at different stages of the process. The consultation exercise consisted of two stages, one leading to the initial recommendations and the other leading to the final recommendations. The guided questions which helped solicit inputs are set out in *Appendix 2*. A total of 42 responses were received electronically through the website in the first round of consultation, and another 20 responses in the second round. The inputs were deliberated upon in detail by the Working Groups concerned.

大學特別就這項工作建立專用網站，供所有持份者在不同階段表達意見。諮詢工作共分兩階段，首階段所得意見用作編寫初步建議，次階段所得的意見則用作編寫最後建議。收集意見的指引問題列載於 *附錄二*。網站在首個諮詢階段收共四十二項意見，次階段收到二十項意見。所有意見均由有關工作小組詳細討論。

專責小組根據收集所得的各項意見，編寫初步建議，並於三月底舉行的首次公開論壇上發表。首次公開論壇約有九十位教職員參與，為第二輪諮詢工作揭開序幕。專責小組及七個工作小組根據首次公開論壇及網上蒐集的意見進行研究、並修訂建議、然後再三開會討論，才編訂最後建議。為了提供機會讓教職員交換意見，大學於五月中舉行第二次公開論壇，共有七十六位教職員/學生出席參與。專責小組就所得意見進行最後討論，於六月初為建議定稿。在制訂策略發展計劃的整個過程中，專責小組及工作小組共舉行三十二次會議，共有七十一位成員參與。

All views gathered culminated in the initial recommendations of the Task Force, which were presented at the first Open Forum held at the end of March. About 90 colleagues participated in this Forum which marked the start of the second round of consultation. In light of the feedback gathered from the first Open Forum and further inputs submitted on-line, the Task Force and its seven Working Groups further deliberated and refined their recommendations. After another series of meetings, the Task Force, with the assistance of the Working Groups, formulated its final recommendations. The second Open Forum held in mid-May provided colleagues with another opportunity for an exchange of views. A total of 76 colleagues/students attended this Forum. The Task Force subsequently once more reviewed the feedback collected, and then finalized its recommendations in early June. A total of 32 Task Force and Working Group meetings were held, involving 71 members, over the course of the whole strategic planning process.

Moving Ahead

邁步向前

Through the strategic planning process, we have charted the strategic directions, and defined the strategic goals for the coming six years. As we move forward, we will formulate implementation plans to translate the goals into manageable actions with the involvement of parties concerned at different levels. The plan will consist of short-term goals for the first triennium, and longer-term ones for the second triennium. Details of the implementation plan will be contingent upon resources availability. Resources allocation decisions will align with the Strategic Plan. To ensure that the defined strategic goals address parameters that will change due to various internal and external factors, a mid-plan review will be conducted to fine-tune the implementation plan. For monitoring and evaluation of the progress of implementation, mechanisms will be developed and put in place.

透過制訂策略發展計劃，理大為未來六年訂立策略發展方向和目標。之後會與各級的相關持份者制訂執行計劃，將目標轉化為各項可行方案。執行計劃包括第一個三年期希望達致的短期目標，及第二個三年期的較長遠目標。執行計劃的具體細節會視乎資源而定，而大學則會根據策略發展計劃來落實資源的分配。為確保既訂的策略目標會顧及校內外各種因素的轉變，大學將進行中期計劃檢討，調整執行計劃，並會設立機制監察及評估計劃的進展。
