Stage lighting can not only provide illumination, but also tell a story and bring out the relevant emotions of a script through the use of space, colours, changes of different effects and even imagery. Ms Psyche Chui, a professional lighting designer, will in this workshop introduce PolyU Theatre's Inaugural Performance's lighting equipment, and its features and operations. It will also show participants how a lighting plan is developed and explain what is involved in lighting rigging, focus and plotting. The workshop will be concluded with a visit to the technical rehearsal of the PolyU Theatre's inaugural performance at the Jockey Club Auditorium.

舞臺燈光不單可用於照明，更能利用空間、色調、效果、影像，推進劇情及渲染劇本的情緒。專業舞臺燈光設計師崔婉芬小姐將介紹大劇團創團演出的燈光設備、其特性及操作重點，並向學員講解燈具鋪設、聚焦、繪製燈光設計圖的流程。學員最後更會到賽馬會綜藝館參與技術綵排，親身欣賞理大劇團創團演出的燈光設計。

\* The workshop will be conducted in Cantonese, supplemented with English.
